"Let a Rule Nisi be issued calling upon the respondents to show cause as to why a direction should not be given upon the respondent nos. 9, 10, 12- 14 to demarcate the original territories of the River Buriganga, Turag, Balu and Shitalakkha, through survey by a special team and restoring the said rivers to their original condition and why all the respondents should not be directed to protect rivers namely, Buriganga, Turag, Balu and Shitalakkha from illegal encroachments and earth filling and/or such other or further order or orders passed as to this Court may seem fit and proper.

The Rule is made returnable on 1.6.2009.

Let the respondents be directed to take immediate appropriate steps to stop further illegal earth filling encroachments by different means and construction of temporary and permanent structure/building in the rivers, namely, Buriganga, Turag, Balu and Shitalakkha, till disposal of the Rule.

Let a copy of this Rule be served upon the learned Attorney General of Bangladesh for his information and necessary steps in this regard. Since the matter is of great public interest let the notices be served through special messenger at the cost of the office of Registrar. Requisites be put in at once."

Inland Water Transprot Authority Rules, 1959, G Inland Water Gi msAv wbgtefc t

“Inland Water” means any canal, river, lake or any other navigable Water in  
Bangladesh.”

G cãt½ The Port Rules, 1966, G e`³ wbgovj wLZ weva, wj cãYavbthvM` t

“bed of a navigable waterway” is that portion of the soil and sub- soil which is  
habitually covered by the waters of a navigable waterway and extends to the  
high water-mark on both banks of a navigable waterway. It includes any area  
defined hereinafter as foreshore;

“Foreshore” means that sub-soil which lies between the high-water-mark and  
low-water-mark.

“high-water-mark” means a line drawn through the highest points reached by  
ordinary spring tides at any season the year.

“low-water-mark” means a line drawn through the lowest points reached by  
ordinary spring tides at any season the year.

“bank” means land which confines the waters of a water-way in its channel or  
bed in its whole width and extend above high-water-mark.

**NARAYANGONJ RIVER PORT**

1. To the North: A line is drawn East nd West near Rupgonj/Murapara across the Shitalakhya river at latitude 23-40'-00" N.
2. To the South: A line is drawn to the North and South near Gopchar across the the Shitalakhaya river at longitude 90-32"-16"E.
3. To the East: upto 50 years beyond the high water mark at ordinary spring tides from the East bank of the Shitalakhaya river as it runs between the above described North and South limits.
4. To the West: upto 50 years beyond the high water mark at ordinary spring tides from the West bank of the Shitalakhaya river a lines is drawn across the Balu river at latitude 23-43'-20" N as it runs between the above described North and South limits.

**“DHAKA RIVER PORT**

- (i) To the North-A line drawn to the East and West near Ashulia across the Turag river at latitude 23-52'-30" N.
- (ii) To the South-A line drawn to the North and South across the river Buriganga near B.G Mouth at longitude 90-27'-26" .

AND

Upto to 50 yards beyond the high water mark at ordinary spring tides from the both bank of the Buriganga and Turag river as it runs between the above described North and South limits; Ges

**TONGI RIVER PORT**

- (i) To the North West-A line is drawn to the East and West near Ashulia across the Turag river at latitude 23-52'-30" N.
- (ii) To the South-A line drawn to the East and West near Demra across the river Balu at latitude 23-43'-20"N.

AND

Upto to 50 yards beyond the high water mark at ordinary spring tides from the both of Turag river & Tungi Khal and both bank of Balu river as it runs between the above described North West and South limis.”
